### The Jenness Miller Hygienic Shoe for Women.

Mrs. Jenness Miller

We have taken the Brooklyn Agency for the Jenness Miller Hygienic Shoe, and we will begin the sale of it to-morrow. We have added this Shoe to our other lines, because we believe it is the best of its kind, and that it fills perfectly a popular want. The Jenness Miller is not only a hygienic Shoe, but it is a handsome and stylish Shoe as well, and yet you don't have to pay any premium for its foot-fitting superiority, as no better value for the money is obtainable.

It is made from a special tannage of kidskin, known as velveta, very soft, pliable and durable, and it comes in two grades

At \$3.50 & \$5.00 a Pair.

Read what Mrs. Miller says about it:

(Clipped from Jenness Miller Souvenir.)

"The shape and style of one's shoes are important considerations, because grace of carriage, comfort, and nervous equilibrium are involved. Correct shoes allow every muscle and joint of the feet full play, yet fit the feet perfectly. I know all the physical misery and the agony of spirit that ill-fitting shoes can cause. I speak to-day as an authority. I have, for the first time in my life, a shoe that fits me from the instant I put it on, until worn to the point of discarding, without causing me a moment's physical discomfort—or spiritual humiliation. I unhesitatingly declare my belief that more women can be comfortably fitted with 'Jenness Miller' Shoes than any other hygienic shoe known."

IN THE \$3.50 grade we show three styles, in lace and button, with welted and stitched soles, and round patent leather tipped or plain common sense toes.

The \$5.00 Shoes are buttoned and come with hand-turned sewed soles, and round patent leather tipped or plain common sense toes.

### Some Facts About the Rogers' "Raphael" Pattern Silver Plated Tableware.

It is not generally known that there are several grades of Rogers' & Hamilton's spoons and forks, made in their "Raphael" pattern. For instance, the "Raphael" is made in "triple plate" and also in "Crown Hamilton" ware. The triple plate is good, serviceable ware, but to any one who wants the highest grade of silver-plated spoons and forks produced in the world we recommend the "Crown Hamilton." Crown Hamilton ware contains double as much silver as the "triple plate" goods, and for service it has no equal. We offer both grades to-morrow at lower prices than they have ever been sold heretofore.
